

Rivera and Pearson visit NAS team members

By Raquel March, AEDC/PA / Published August 09, 2016

Arnold Air Force Base, Tenn. -- NAS General Manager Cynthia Rivera (center) and NAS Deputy General Manager Doug Pearson (second from left) speak with NAS team members at the Aeropropulsion Systems Test Facility Air Side Plant which provides air to the turbine engine testing facilities. Rivera and Pearson recently visited the facility as part of a “walkthrough” which gave them a chance to see the work performed in that location. Also pictured (far left, clockwise) are team members Rod Cregier, Tim Layton and Mark Chappell. (U.S. Air Force photo/Rick Goodfriend)
