

QUALITY ASSURANCE REQUIREMENTS

The latest copy of the SDS (Safety Data Sheet), IAW Occupational Health and Safety Association (OSHA) CFR.1910.1200, Hazard Communication Standard, must accompany the material received at Arnold Engineering and Development Complex (AEDC). An SDS must accompany all offers made for any product if other than the item identified. PO awards for an offer of other than the original product identified on the material request must be coordinated with Environmental. Any material received without an SDS may be rejected and returned at vendor's expense.

Any material received without a certification will be rejected.

QUALITY NOTE 03
