- A. - B. SELLER'S obligations, responsibilities and Liabilities under this Purchase Order shall apply in full force to all Work performed by all Subsuppliers, including but not limited to any Warranty Work and Technical Advisory Services. SELLER shall be liable to BUYER for the acts and omissions of Subsuppliers and their personnel to the same extent SELLER is liable for acts and omissions of SELLER and its personnel.

 - (2) additions to or deletions from quantities ordered,
 - (3) Schedule,
 - (4) method of shipment or packing, and
 - (5) place of delivery.
- B. If any such change causes an increase or decrease in the cost of or timing required to perform the Work, as SELLER'S sole remedy, an adjustment may be requested in the price or Schedule, or both, and the Purchase Order shall be modified by a written Purchase Order Revision executed by both Parties. Any request by SELLER for adjustment must be asserted within thirty (30) days from the date of receipt by the SELLER of the notification of change. However, nothing in this General Condition shall excuse SELLER from proceeding with the Work as changed.
- C. If this Purchase Order requires BUYER to review and comment on SELLER'S technical documents, SELLER shall submit, within thirty (30) days from the date of SELLER'S receipt of such comments, any request for an adjustment to the price and/or Schedule that would result from implementation of BUYER'S comments. No adjustment will be made hereunder unless BUYER expressly authorizes the change by a written Purchase Order Revision.
- D. Failure of SELLER to timely provide any request for adjustment shall be deemed a waiver of SELLER'S right to any adjustment to the price and/or Schedule if and to the extent BUYER is prejudiced by such delay. GC-7 PRICE AND PAYMENT

- A. The prices specified herein, unless otherwise expressly stated in this Purchase Order, are firm, shall exclude all taxes and duties of any kind which either Party is required to pay with respect to the sale of Products covered by this Purchase Order, but shall include all taxes levied with respect to Services performed hereunder. All charges and expenses in connection with the packing of the Products and their carriage to the place of delivery to the BUYER are included.
- B. SELLER shall be paid the prices stipulated herein for Products delivered and accepted and for Services satisfactorily performed hereunder. However, payment may be withheld and portions thereof may be deducted if in BUYER'S reasonable opinion SELLER is not performing Work in accordance with the provisions of this Purchase Order. In such case, BUYER may set off any and all amounts claimed by BUYER, including any back-charge amounts due to BUYER, under this Purchase Order or in other transactions.
- C. Payment of each correct invoice shall be made in accordance with the payment terms Part 3 of this Purchase Order after the BUYER receives the correct invoice, subject to any rights of BUYER provided elsewhere in this Purchase Order. Invoices for Products shall be mailed at the time of shipment, or applicable progress milestone, and for Technical Advisory Services in accordance with Part 3 of this Purchase Order. Any cash discount period offered by SELLER shall be computed from the date the Products are transferred to BUYER or the correct invoice is received, whichever is later, and provided that required certification documents are received by BUYER. The foregoing payment and cash discount periods shall be extended by the period of any delay caused by an error in the invoice requiring correction.
- D. SELLER shall promptly pay each of its first tier Subsuppliers the amount to which they are entitled under each invoice. SELLER shall also have full responsibility for proper payment to all lower-tier Subsuppliers. BUYER may require SELLER to submit satisfactory evidence of payment to its Subsuppliers and releases of all claims that may be made by SELLER'S Subsuppliers. If there is any indication of any unpaid claim, BUYER may require SELLER to furnish proof of payment satisfactory to BUYER or a bond against such claim in a form and from a company satisfactory to BUYER. SELLER shall indemnify, defend and hold harmless each Indemnified Party against any Liabilities arising from any such claim. In addition, BUYER reserves the right to make payments due hereunder directly to Subsuppliers whenever BUYER has reason to believe SELLER has not paid or is likely not to pay any amounts due them on a timely basis. The amount of any such payments made by BUYER directly to Subsuppliers shall be credited against any payments otherwise due from BUYER to SELLER.
- E. SELLER must satisfactorily fulfill all drawing and data requirements specified in this Purchase Order as a pre-condition for final payment. The acceptance by SELLER of the final payment under this Purchase Order shall constitute a release by SELLER of each Indemnified Party from all liens (whether statutory or otherwise and including mechanics' or Subsuppliers' liens), claims and liability hereunder with respect to any Work performed or furnished in connection with this Purchase Order, or for any act or omission of any Indemnified Party relating to or affecting this Purchase Order, except claims for which SELLER has delivered a notice of dispute to BUYER prior to the final payment. SELLER agrees to execute a release and indemnity of all claims in connection with or in any way related to this Purchase Order as a condition for final payment.

This Purchase Order includes all related US customs duty and import drawback rights if any (including rights developed by substitution and rights which may be acquired from Subsuppliers) which SELLER can transfer to BUYER. - A. SELLER shall maintain records and accounts in connection with the performance of this Purchase Order which will accurately document incurred costs, both direct and indirect, of whatever nature for a period of 6 years 3 months from final payment unless a longer period is otherwise specified by applicable law. BUYER, Customer, or their representatives shall have the right to examine and copy, at all reasonable times and with advance notification, such records and accounts for the purposes of confirming compliance with Purchase Order provisions, verifying payments or requests for payment when costs are the basis of such payment or evaluating the reasonableness of proposed Purchase Order price adjustments and claims.
- B. If BUYER or Customer establishes uniform codes of accounts for the Project, SELLER shall use such codes in identifying its records and accounts.
- C. For Purchase Orders in excess of \$150,000.00, FAR clause 52.215-2, Audit and Records – Negotiation (Oct 2010) shall also apply.

GC-9 SELLER'S COMPLIANCE WITH SCHEDULE REQUIREMENTS AND QUALITY STANDARDS

- A. Timely performance and delivery by SELLER in accordance with the Schedule are essential to this Purchase Order. SELLER shall furnish sufficient personnel, material and tools and shall work such hours as necessary to meet the Schedule and shall continuously and diligently perform the Work in accordance with the Schedule and the other requirements set forth herein. SELLER shall notify BUYER in writing of any actual or anticipated delays immediately upon discovery. Such notice shall include a description of the cause of delay, the estimated period of delay, and corrective actions being taken.
- B. The Products and all Warranty Work shall be subject to expediting by BUYER and Customer. SELLER may, from time to time, be required to provide to BUYER for approval an original and subsequently updated Schedule showing all activities and sequence of operations needed for the orderly performance and completion of the Work. As and when requested by BUYER, SELLER shall provide the schedules and periodic progress reports of SELLER and the Subsuppliers to demonstrate Work progress in form and manner directed by BUYER.
- C. All Products shall comply with the standards of quality specified in this Purchase Order or those customary in the industry if no requirement is specified. SELLER shall maintain a quality management system throughout the term of this Purchase Order. The Products, SELLER'S quality management system and all Warranty Work shall be subject to quality surveillance by BUYER and/or Customer in accordance with BUYER'S Quality Surveillance Plan in this Purchase Order. Quality surveillance is defined as BUYER'S selective review, observation and evaluation of processes, procurement, manufacturing operations, quality control systems and programs to assist BUYER in monitoring SELLER'S compliance with the quality requirements of this Purchase Order at all times during manufacturing and Warranty Work. Quality surveillance may consist of quality planning, surveillance, evaluation, quality program verification, quality program audit, or status verification.
- D. BUYER'S and Customer's representatives shall be afforded free access during working hours to SELLER'S and its Subsuppliers' plants for purposes of expediting the manufacturing and shipment and for purposes of quality surveillance, observation, examination, inspection and witness of testing. The expediting and quality surveillance services performed by BUYER and/or Customer shall not result in any additional charges to BUYER and shall not affect SELLER'S obligation to perform in accordance with the requirements established by this Purchase Order.
- E. SELLER'S failure to perform Work in compliance with the Schedule shall be deemed to be reasonable grounds for insecurity in which event BUYER may demand that SELLER provide adequate assurances that SELLER will perform on time. BUYER'S demand may require SELLER to provide a written recovery plan with corrective measures to ensure SELLER'S compliance with the Schedule requirements at no cost to BUYER, which may include adding personnel, working overtime and/or extra shifts and making air shipments of materials and parts to SELLER and the Product to BUYER.

Part 4 – Commercial Item General Conditions

- F. SELLER'S failure to adhere to the standards of quality required by this Purchase Order shall be deemed to be reasonable grounds for insecurity in which event BUYER may demand that SELLER provide adequate assurances of SELLER'S ability to meet said standards. BUYER'S demand may require SELLER to provide a written recovery plan showing corrective measures to ensure SELLER'S compliance with the quality requirements at no cost to BUYER.
- G. If within five (5) business days from a notice described in the sub clauses above, SELLER has not provided adequate assurance acceptable to BUYER, or remedied the condition to BUYER'S satisfaction, BUYER may exercise any available remedy at its discretion, including establishing a corrective action plan which may in part include the assignment of in-shop expediting and/or supplier quality personnel to periodically visit and, if necessary, reside at the manufacturing location(s), as appropriate. BUYER may backcharge SELLER and SELLER shall be liable for the reasonable costs incurred by BUYER to develop and perform activities under such corrective action plan.
- H. If SELLER or any Subsupplier is not ready to perform an inspection or test at the scheduled time and BUYER, therefore, is required to return to the testing or inspection location, BUYER may backcharge SELLER and SELLER shall be liable for the reasonable costs incurred by BUYER to perform any subsequent surveillance activities.
- I. The making or failure to make an inspection, examination or test of, or payment for, or acceptance of the Products shall in no way relieve the SELLER from its obligation to conform to all of the requirements of this Purchase Order and shall in no way impair BUYER'S right to reject or revoke acceptance of nonconforming Products, or to avail itself of any other remedies to which BUYER may be entitled, notwithstanding BUYER'S knowledge of the nonconformity, its substantiality or the ease of its discovery.

GC-10 EXCUSABLE DELAYS

- A. Except for defaults of SELLER'S Subsuppliers, SELLER shall not be in default because of any failure to perform this Purchase Order under its terms if the failure arises from unforeseeable causes beyond the control and without the fault or negligence of the SELLER. Examples of these causes are:
 - (1) acts of God or of the public enemy,
 - (2) acts of the Government in either its sovereign or contractual capacity,
 - (3) fires,
 - (4) floods,
 - (5) epidemics,
 - (6) quarantine restrictions,
 - (7) strikes,
 - (8) freight embargoes, and
 - (9) unusually severe weather.
- B. In each instance, the failure to perform must be unforeseeable and beyond the control and without the fault or negligence of the SELLER. "Default" includes failure to make progress in the work so as to endanger performance.
- C. If the failure to perform is caused by the failure of a Subsupplier to perform or make progress, and if the cause of the failure was unforeseeable and beyond the control of both SELLER and the Subsupplier, and without the fault or negligence of either, SELLER shall not be deemed to be in default unless the Products or Services were obtainable from other sources in sufficient time for SELLER to meet the required delivery schedule.
- D. SELLER shall, within twenty-four (24) hours of the commencement of any such delay, give to BUYER written notice thereof and within seven (7) calendar days of commencement of the delay, a written description of the anticipated impact of the delay on performance of the Work. Within seven (7) calendar days after the termination of any excusable delay, SELLER shall provide a written notice to BUYER

Part 4 – Commercial Item General Conditions

National Aerospace Solutions, LLC
**Arnold Engineering Development Complex Test
Operations & Sustainment**

specifying the actual duration of the delay. Failure to give any of the above notices shall be sufficient ground for denial of an extension of time.

- E. If BUYER determines that the delay was unforeseeable, beyond the control and without the fault or negligence of SELLER, BUYER will determine the duration of the delay and will extend the time of performance of this Purchase Order by modifying the delivery date specified in the Purchase Order. Such extension shall be the sole remedy for the delay.

GC-11 TITLE AND RISK OF LOSS

Except as otherwise provided herein, all Products furnished by SELLER hereunder shall become the property of BUYER or Customer as applicable upon payment therefor or upon delivery, whichever occurs earlier. Notwithstanding the foregoing, SELLER shall be responsible for and shall bear any and all risk of loss or damage to the Products until delivery thereof in accordance with the delivery provisions of this Purchase Order. Upon such delivery, SELLER shall cease to bear the risk of loss or damage; provided however, that any loss or damage, whenever occurring, which results from SELLER'S nonconforming packaging or crating shall be borne by SELLER.

GC-12 SAFETY FOR BUYER'S AND CUSTOMER'S REPRESENTATIVES

- A. SELLER shall ensure the safety of BUYER'S and Customer's representatives while present at or in SELLER'S plants and the plants of Subsuppliers. In that regard, SELLER shall provide appropriate personal protection equipment, such as safety glasses and hard hats, where applicable, for BUYER'S and Customer's representatives. If, at any time, a BUYER or Customer representative deems the conditions at SELLER'S plants or the plants of SELLER'S Subsuppliers are unsafe and promptly notifies SELLER accordingly, such representative(s) shall be entitled to suspend BUYER'S activities (including, but not limited to, any activities relating to expediting, quality surveillance and delivery) at such plants until such time as the unsafe conditions are resolved by SELLER to BUYER'S reasonable satisfaction.
- B. If any BUYER activities are suspended due to safety concerns of a BUYER'S or Customer's representative, SELLER shall promptly reschedule any Work required to be conducted in the presence of a representative and SELLER shall be fully liable for any resulting delay. BUYER may backcharge SELLER and SELLER shall be liable for the reasonable costs incurred by BUYER and Customer due to any such suspension and subsequent resumption of BUYER'S activities at SELLER'S plants or the plants of SELLER'S Subsuppliers.

GC-13 FINANCIAL REPRESENTATION

- A. SELLER represents and warrants that it is and will remain throughout the term of this Purchase Order solvent and adequately capitalized and financially capable to perform all obligations necessary to execute the Work, collectively referred to in this General Condition as "financial capability". From time to time and at BUYER'S request, SELLER shall provide BUYER with information satisfactory to BUYER to verify SELLER'S financial capability and the financial capability of its Subsuppliers within five (5) days of BUYER'S request.
- B. In the event that reasonable grounds for insecurity over SELLER'S financial capability arise, BUYER may exercise all available remedies including making payments to Subsuppliers on SELLER'S behalf, directly or as co-payee, and requiring SELLER to provide adequate security from third parties in a form and from a company acceptable to BUYER, such as irrevocable and unqualified bonds, letters of credit, or guarantees in BUYER'S favor. As examples only and without limitation, the Parties agree that delays by SELLER in placing orders for Product component parts, delays by SELLER in paying Subsuppliers or failure to timely verify its financial capability after any such request shall be deemed to be reasonable grounds for insecurity.

GC-14 WARRANTIES AND GUARANTEES

- A. The Warranty Period is defined as the period from the commencement of Work until twelve (12) calendar months after completion of the Project, or, with respect to liens, title or latent defects, at any time. In addition, any reperformance, repair, or replacement Work shall be re-warranted for twelve (12) calendar

Part 4 – Commercial Item General Conditions

National Aerospace Solutions, LLC
**Arnold Engineering Development Complex Test
Operations & Sustainment**

months after the satisfactory completion of such Work and the Warranty Period for repaired or replaced Work shall be extended accordingly.

- B. SELLER warrants at all times during the Warranty Period that the Products furnished hereunder shall: (1) be new, fit for purpose, of good and suitable quality and in good condition; (2) conform in all respects to the requirements of this Purchase Order and all applicable drawings, data sheets, specifications, codes and standards; (3) be free of any defects including defects in design, materials and fabrication, and; (4) be genuine and original and shall include only genuine and original components, with no counterfeit items or suspect items furnished hereunder.
- C. SELLER warrants at all times during the Warranty Period that the Services performed hereunder shall (1) conform in all respects to the requirements of this Purchase Order and all applicable drawings, data sheets, specifications, codes, and standards; and (2) be performed by personnel with the requisite experience and capabilities and in accordance with the standard of skill and care reasonably to be expected of suppliers performing similar services in regard to similar products.
- D. If at any time prior to the expiration of the Warranty Period, BUYER or Customer discovers any defect, deficiency or nonconformity in SELLER'S Work resulting from SELLER'S Products or Services failing to conform to the warranties provided above (collectively referred to in this General Condition as "defects"), SELLER shall, upon written notice from BUYER, promptly correct such defects at SELLER'S sole cost, in accordance with the requirements of this Purchase Order at a time acceptable to BUYER or Customer, (i) for Products, by redesigning, repairing or replacing the defective Products as directed by BUYER or Customer and (ii) for Services, by re-performing the defective Services and remedying any defect in the Products which results from the defective Services. In case of an emergency endangering life or property or in a situation where the Product or the facility in which the Product is installed has ceased operation or is materially and adversely affected in its operation, BUYER may take the corrective action and notify SELLER as soon as possible thereafter.
- E. If SELLER does not commence the corrective action after its receipt of a warranty notice, or if, having commenced corrective action, SELLER does not continue to diligently pursue completion of the corrective action, or if SELLER fails to complete any such corrective action within a reasonable and appropriate time under the circumstances, or in the event of an emergency requiring immediate corrective action, BUYER may take such steps as BUYER determines are necessary to correct the defect. BUYER may backcharge SELLER and SELLER shall be liable for the reasonable costs of BUYER'S remedial action.
- F. Failure of BUYER to discover defects shall in no way relieve SELLER of its responsibility to promptly make such modifications as are required to minimize delay and/or damage to the Products and other Work.
- G. SELLER'S warranty obligations shall in no event extend to damage to a Product to the extent such damage is caused by:
 - (1) material failure by BUYER or Customer to install or maintain the Product in accordance with the recommendations set forth in the manuals provided by SELLER to BUYER; or
 - (2) operation of the Product by BUYER or Customer materially in excess of operating specifications for the Product as set forth in the manuals provided by SELLER to BUYER.

Notwithstanding the foregoing, SELLER agrees to use its best efforts, at BUYER'S expense, to replace or to repair any such damage and to minimize the expenses in so doing.

- (3) In addition to the warranties provided in the General Condition titled "WARRANTIES AND GUARANTEES", SELLER warrants that the SELLER'S Personnel performing any Technical Advisory Services shall:

- (5) The Parties acknowledge that acts or omissions of SELLER'S Personnel performing Technical Advisory Services will in no way modify any of SELLER'S quality obligations set forth in the General Conditions titled "SELLER'S COMPLIANCE WITH SCHEDULE REQUIREMENTS AND QUALITY STANDARDS" or SELLER'S warranty obligations set forth in the General Condition titled "WARRANTIES AND GUARANTEES" or excuse SELLER'S performance thereunder.

B. Visas, Permits, Licenses, Taxes

- (1) SELLER shall timely procure and pay for all visas and other applicable governing authority requirements to perform the Services and shall furnish any bonds, security or deposits required by any applicable governing authority to permit performance of the Services.
- (2) SELLER shall pay all taxes, levies, duties and assessments of every nature due in connection with the Services and shall make any and all payroll deductions and withholdings required by law.

C. Safety, Health and Security

GC-29 NON-WAIVER

- A. Any relinquishment of any right by BUYER or release of any obligation by SELLER under this Purchase Order must be set forth in writing in order to constitute a waiver. Failure by BUYER to insist upon strict performance of any of the terms and conditions hereof, failure or delay by BUYER in exercising any rights or remedies provided herein or by law, failure or delay by BUYER to properly notify SELLER in the event of breach, BUYER'S acceptance of or payment for any Work hereunder, or termination of all or part of this Purchase Order shall not release SELLER from any of the warranties or obligations of this Purchase Order and shall not be deemed a waiver of any right of BUYER to insist upon strict performance hereof or a waiver of any of its rights or remedies as to any such Products regardless when shipped, received or accepted, or as to any prior or subsequent default hereunder. The remedies provided to BUYER are not mutually exclusive and BUYER'S exercise of any remedy or remedies will not prevent BUYER from exercising any other remedy or remedies it has under subcontract or at law.
- B. A requirement that a SELLER-furnished document or material is to be submitted for or subject to "Authorization to Proceed", "Review", "Comment", or any combinations of such words or words of like import shall mean only that the SELLER shall submit the document, obtain resolution of any comments and BUYER'S authorization to proceed before implementing the information in the document. GC-34 DISPUTE RESOLUTION

- A. All disputes arising under or relating to this Purchase Order which cannot be resolved by negotiation shall be resolved under this clause.
- B. "Claim," as used in this clause, means a written demand or written assertion by either BUYER or SELLER (the "Parties") seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of Purchase Order terms, or other relief whether in contract or in tort, arising under or relating to this Purchase Order. A voucher, invoice, other routine request for payment or request for equitable adjustment under a remedy granting clause that is not in dispute when submitted is not a claim under this clause. The submission may be converted to a Claim, by complying with the submission and certification requirements of this clause, if it is disputed either as to liability or amount or is not acted upon in a reasonable time.
- C. If for any reason SELLER and BUYER are unable to negotiate a resolution of a Claim, SELLER or BUYER shall notify the other Party in writing that a dispute exists and request or provide a final determination by BUYER. Any such request by SELLER shall be clearly identified by reference to this clause and shall summarize the facts in dispute and SELLER'S proposal for resolution. With respect to Claims for equitable adjustment under any remedy granting clause under this Purchase Order, SELLER shall be deemed to have waived such Claim unless SELLER has requested resolution of the Claim under this clause within one year of the date that such Claim first arises or the Final Acceptance of the Work under this Purchase Order, whichever occurs earlier.
- D. As a condition precedent to further consideration of any Claim by SELLER where the amount requested by SELLER exceeds \$100,000 or the resolution of the Claim could result in payment by BUYER in excess of \$100,000, SELLER shall provide the following certification:

"I certify that the claim is made in good faith; that the supporting data are accurate and complete to the best of my knowledge and belief; that the amount requested accurately reflects the Purchase Order adjustment for which SELLER believes BUYER or U.S. Government is liable; and that I am duly authorized to certify the claim on behalf of SELLER".

The foregoing certification may be executed by any person duly authorized by SELLER'S governing documents to bind SELLER with respect to the Claim. At the request of BUYER, SELLER agrees to provide evidence of such authorization.

- E. BUYER will, within forty-five (45) calendar days of any request by SELLER, either (1) provide a written final determination setting forth the contractual basis for its decision and defining what Purchase Order

adjustments it considers equitable; or (2) notify SELLER of the date by which the decision will be made. Upon SELLER'S written acceptance of BUYER'S determination, the Purchase Order will be modified in accordance with the General Condition titled "CHANGES", and the determination implemented accordingly or, failing agreement, BUYER may in its sole discretion pay such amounts and/or revise the time for performance of the Work in accordance with BUYER'S final determination.

- F. If a Claim by SELLER is based on alleged actions, inactions or omissions of Customer and the interests of justice would be served by resolving SELLER'S Claim in a single proceeding, BUYER may, in its sole discretion, elect to sponsor SELLER'S Claim under the Disputes clause of BUYER'S Prime Contract and allow SELLER to proceed in BUYER'S name. In the event that BUYER so sponsors a Claim, SELLER agrees to enter into a sponsorship agreement under which SELLER waives its right to reimbursement from BUYER except to the extent that Customer is liable to BUYER; and SELLER shall indemnify BUYER for any costs and expenses associated with sponsorship of the Claim.
- G. If BUYER'S final determination is not accepted by SELLER the matter shall, within thirty (30) calendar days, be referred to senior executives of the Parties for resolution in accordance with the following procedures:
- (1) The Parties' senior executives shall have designated authority to settle the dispute. Where appropriate for resolution, the Parties may prepare and exchange memoranda stating the issues in dispute and their respective positions, summarizing the negotiations that have taken place and attaching relevant documents. The senior executives may, in their discretion, meet for negotiations at a mutually agreed time and place as soon as is practicable after the exchange of memoranda.
 - (2) All communications, whether oral or written, related to the foregoing meeting shall be deemed to have been made as part of efforts to compromise the Claim and may not be admissible as evidence in any subsequent proceedings.
- H. If the matter has not been resolved within sixty (60) calendar days of the commencement of the referral to senior executives, the Parties shall attempt to resolve the dispute in non-binding mediation in accordance with the Center for Public Resources Model Procedure for Mediation of Business Disputes. Each Party shall be responsible for its own expenses.
- I. If the matter has not been resolved within sixty (60) calendar days of the commencement of mediation, or if either BUYER or SELLER will not participate in mediation, either Party may pursue any legal remedy.

The Parties further agree to waive all rights regarding jurisdiction or venue, including but not limited to forum non conveniency, and agree that the only venue for the filing of any court proceeding with respect to any dispute under this Subcontract shall be exclusively in Federal District Court, with venue in the United States Court for the Eastern District of Tennessee, Southern Division. However, in the event the requirements for jurisdiction in Federal District Court are not present, such litigation shall be brought in a Tennessee Circuit or Chancery Court as appropriate, in a county with appropriate jurisdiction. Each party hereby waives its right to a jury trial in any judicial proceeding. Further, any court ordered mediation or binding arbitration shall be in Tullahoma, Tennessee.

- J. If a court awards prejudgment interest on a claim, the interest rate shall be the applicable rate established by the Secretary of the Treasury under Section 12 of the Contract Disputes Act of 1978 (Public Law 95-563)
- K. SELLER shall proceed diligently with performance of this Purchase Order, pending final resolution of any request for relief, Claim, appeal, or action arising under the Purchase Order, and comply with any decision of BUYER.
- L. These contractual remedies shall not be deemed to waive, act as a condition precedent to accrual or otherwise extend any statute of limitation applicable to any request for equitable adjustment or Claim.
