

QUALITY ASSURANCE REQUIREMENTS

Chemical materials shall contain a label in accordance with Occupational Health and Safety Administration (OSHA) Code of Federal Regulations (CFR) 1910.1200, Hazard Communication Standard. The label shall include the following items of information:

- Product Identifier
- Signal Word
- Hazard Statements
- Pictograms
- Precautionary Statements
- Name and address of the chemical manufacturer

Any chemical material received at AEDC not in compliance with OSHA CFR.1910.1200 and Code of Federal Regulations, Title 49, Transportation, Parts 100-199, will be processed as nonconforming material.

QUALITY NOTE 10
