Worker –

(1)

(i) Means any person engaged in performing work on, or in connection with, a contract covered by Executive Order 14026, and—

(A) Whose wages under such contract are governed by the Fair Labor Standards Act ([29 U.S.C. chapter 8](#)), the Service Contract Labor Standards statute ([41 U.S.C. chapter 67](#)), or the Wage Rate Requirements (Construction) statute ([40 U.S.C. chapter 31](#), subchapter IV);

(B) Other than individuals employed in a bona fide executive, administrative, or professional capacity, as those terms are defined in 29 CFR part 541; and

(C) Regardless of the contractual relationship alleged to exist between the individual and the employer.

(ii) Includes workers performing on, or in connection with, the contract whose wages are calculated pursuant to special certificates issued under [29 U.S.C. 214\(c\)](#).

(iii) Also includes any person working on, or in connection with, the contract and individually registered in a bona fide apprenticeship or training program registered with the Department of Labor's Employment and Training Administration, Office of Apprenticeship, or with a State Apprenticeship Agency recognized by the Office of Apprenticeship.

(2)

(i) A worker performs *on* a contract if the worker directly performs the specific services called for by the contract; and

(ii) A worker performs *in connection* with a contract if the worker's work activities are necessary to the performance of a contract but are not the specific services called for by the contract.

(b) Executive Order Minimum wage rate.

(1) The Contractor shall pay to workers, while performing in the United States, and performing on, or in connection with, this contract, a minimum hourly wage rate of \$15.00 per hour beginning January 30, 2022.

(2) The Contractor shall adjust the minimum wage paid, if necessary, beginning January 1, 2023, and annually thereafter, to meet the applicable annual E.O. minimum wage. The Administrator of the Department of Labor's Wage and Hour Division (the Administrator) will publish annual determinations in the Federal Register no later than 90 days before the effective date of the new E.O. minimum wage rate. The Administrator will also publish the applicable E.O. minimum wage on <https://www.sam.gov> (or any successor website), and a general notice on all wage determinations issued under the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, that will provide information on the E.O. minimum wage and how to obtain annual updates. The applicable published E.O. minimum wage is incorporated by reference into this contract.

(3)

(i) The Contractor may request a price adjustment only after the effective date of the new annual E.O. minimum wage determination. Prices will be adjusted only for increased labor costs (including subcontractor labor costs) as a result of an increase in the annual E.O. minimum wage, and for associated labor costs (including those for subcontractors). Associated labor costs shall include increases or decreases that result from changes in social security and unemployment taxes and workers' compensation insurance, but will not otherwise include any amount for general and administrative costs, overhead, or profit.

(ii) Subcontractors may be entitled to adjustments due to the new minimum wage, pursuant to paragraph (b)(2). Contractors shall consider any subcontractor requests for such price adjustment.

(iii) The Contracting Officer will not adjust the contract price under this clause for any costs other than those identified in paragraph (b)(3)(i) of this clause, and will not provide duplicate price adjustments with any price adjustment under clauses implementing the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute.

(4) The Contractor warrants that the prices in this contract do not include allowance for any contingency to cover increased costs for which adjustment is provided under this clause.

(5) A pay period under this clause may not be longer than semi-monthly, but may be shorter to comply with any applicable law or other requirement under this contract establishing a shorter pay period. Workers shall be paid no later than one pay period following the end of the regular pay period in which such wages were earned or accrued.

(7) The Contractor shall not discharge any part of its minimum wage obligation under this clause by furnishing fringe benefits or, with respect to workers whose wages are governed by the Service Contract Labor Standards statute, the cash equivalent thereof.

(8) Nothing in this clause shall excuse the Contractor from compliance with any applicable Federal or State prevailing wage law or any applicable law or municipal ordinance or any applicable contract establishing a minimum wage higher than the E.O. 14026 minimum wage. However, wage increases under such other laws or municipal ordinances are not subject to price adjustment under this subpart.

(9) The Contractor shall pay the E.O. minimum wage rate whenever it is higher than any applicable collective bargaining agreement(s) wage rate.

(10) The Contractor shall follow the policies and procedures in 29 CFR 23.240(b) and 23.280 for treatment of workers engaged in an occupation in which they customarily and regularly receive more than \$30 a month in tips.

(i) Fair Labor Standards Act (FLSA)-covered individuals performing in connection with contracts covered by the E.O., *i.e.* those individuals who perform duties necessary to the performance of the contract, but who are not directly engaged in performing the specific work called for by the contract, and who spend less than 20 percent of their hours worked in a particular workweek performing in connection with such contracts;

(ii) Individuals exempted from the minimum wage requirements of the FLSA under [29 U.S.C. 213\(a\)](#) and 214(a) and (b), unless otherwise covered by the Service Contract Labor Standards statute, or the Wage Rate Requirements (Construction) statute. (C) Those employed in a bona fide executive, administrative, or professional capacity ([29 U.S.C. 213\(a\)\(1\)](#) and 29 CFR part 541).

(d) Notice. The Contractor shall notify all workers performing work on, or in connection with, this contract of the applicable E.O. minimum wage rate under this clause. With respect to workers covered by the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, the

Contractor may meet this requirement by posting, in a prominent and accessible place at the worksite, the applicable wage determination under those statutes. With respect to workers whose wages are governed by the FLSA, the Contractor shall post notice, utilizing the poster provided by the Administrator, which can be obtained at www.dol.gov/agencies/whd/government-contracts, in a prominent and accessible place at the worksite. Contractors that customarily post notices to workers electronically may post the notice electronically provided the electronic posting is displayed prominently on any Web site that is maintained by the contractor, whether external or internal, and customarily used for notices to workers about terms and conditions of employment.

(2) The Contractor shall make records pursuant to paragraph (e)(1) of this clause available for inspection and transcription by authorized representatives of the Administrator. The Contractor shall also make such records available upon request of the Contracting Officer.

(3) The Contractor shall make a copy of the contract available, as applicable, for inspection or transcription by authorized representatives of the Administrator.

(4) Failure to comply with this paragraph (e) shall be a violation of 29 CFR 23.260 and this contract. Upon direction of the Administrator or upon the Contracting Officer's own action, payment shall be withheld until such time as the noncompliance is corrected.

(5) Nothing in this clause limits or otherwise modifies the Contractor's payroll and recordkeeping obligations, if any, under the Service Contract Labor Standards statute, the Wage Rate Requirements (Construction) statute, the Fair Labor Standards Act, or any other applicable law.

(f) Access. The Contractor shall permit authorized representatives of the Administrator to conduct investigations, including interviewing workers at the worksite during normal working hours.

(g) Withholding. The Contracting Officer, upon his or her own action or upon written request of the Administrator, will withhold funds or cause funds to be withheld, from the Contractor under this or any other Federal contract with the same Contractor, sufficient to pay workers the full amount of wages required by this clause.

(h) Disputes. Department of Labor has set forth in 29 CFR 23.510, Disputes concerning contractor compliance, the procedures for resolving disputes concerning a contractor's compliance with Department of Labor regulations at 29 CFR part 23. Such disputes shall be resolved in accordance with those procedures and not the Disputes clause of this contract. These disputes include disputes between the Contractor (or any of its subcontractors) and the contracting agency, the Department of Labor, or the workers or their representatives.

(i) Antiretaliation. The Contractor shall not discharge or in any other manner discriminate against any worker because such worker has filed any complaint or instituted or caused to be instituted any proceeding under or related to compliance with the E.O. or this clause, or has testified or is about to testify in any such proceeding.

(j) Subcontractor compliance. The Contractor is responsible for subcontractor compliance with the requirements of this clause and may be held liable for unpaid wages due subcontractor workers.

(k) Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (k) in all subcontracts, regardless of dollar value, that are subject to the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, and are to be performed in whole or in part in the United States.

ADDITIONAL FULL TEXT PRIME CONTRACT CLAUSES

H115 ORGANIZATIONAL CONFLICTS OF INTEREST (MAY 2014)

(a) The purpose of this clause is to ensure that:

- (1) In providing services to the Government and its customers under this contract, the Contractor's objectivity and judgment are not biased because of its present, or future, financial, contractual, organizational, or other interests;
- (2) The Contractor does not obtain an unfair competitive advantage by virtue of its access to nonpublic Government information regarding the Government's program plans and resources;

- (3) The Contractor does not obtain any unfair competitive advantage by virtue of its access to proprietary or competition sensitive information belonging to others;
- (4) The Contractor ensures no bias or unfair competitive advantage exists while aggressively addressing any perception issue that may arise; and
- (5) The contract complies with Section 207 of the Weapon Systems Acquisition Reform Act of 2009, Pub. L. No. 111-23 (May 22, 2009).

(b) Definitions for purposes of this clause:

- (1) "Contractor" means the business entity receiving the award of this contract, as well as its parents, affiliates, divisions, subsidiaries and successor entities. The term "affiliates" is defined in FAR 2.101 and 19.101. The term "contractor" includes the firm, or firms, who were required to sign the contract document (see FAR 4.102). The term contractor also includes participants in any formal contractor team arrangement as defined in FAR 9.601. Examples of formal contractor team arrangements include, but are not limited to, partnerships, joint ventures, and alliances. Finally, the term "contractor" includes the contractor's subcontractors who
 - (i) Operate AEDC test and evaluation facilities, or
 - (ii) Handle, receive, reduce, interpret, or transmit data obtained, utilized, or produced in conjunction with testing and evaluation or analysis.
- (2) "Development" means all efforts taken toward the solution of broadly-defined problems. Development may encompass research, evaluating technical feasibility, proof of design and test, or engineering of programs not yet approved for acquisition or operation.
- (3) "Organizational conflict of interest," or "OCI," means that a relationship or situation exists where an offeror or Contractor (including chief executives and directors, to the extent that they will or do become involved in the performance of the contract, and proposed consultants or subcontractors where they may be performing services similar to the services provided by the prime) has past, present, or currently planned interests that may directly or indirectly relate to the work to be performed under a Department of Defense contract which
 - (i) May diminish its capacity to give impartial, technically sound, and objective assistance and advice, or
 - (ii) May result in it having an unfair competitive advantage. OCI does not include the normal flow of benefits from the performance of the contract.
- (4) "OCI mitigation plan" means the formal written description of the actions the Contractor has agreed to take to mitigate an OCI. The Government is responsible for approval and enforcement of the Contractor's plan. While implementation of the mitigation plan rests largely with the Contractor, the Government bears responsibility for ensuring the plan is properly implemented.
- (5) "Proprietary information" means all information designated as proprietary in accordance with law and regulation, and held in confidence or disclosed under restriction to prevent uncontrolled distribution and unauthorized use. Examples include, but are not limited to, marked information, information submitted in confidence to the Government,

limited or restricted data, trade secrets, sensitive financial information, and computer software. Proprietary information may also appear in cost and pricing data or involve classified information. Refer to FAR 3.104-1 for the definition of contractor bid and proposal information requiring protection. Refer to FAR 3.104-4 for disclosure, protection, and marking of contractor bid or proposal information and source selection information.

- (i) Proprietary information shall not include information which
 - (A) Was known to the contractor prior to its receipt from a company or the Government,
 - (B) Was independently developed by the contractor without access to a company's proprietary data,
 - (C) Is or becomes public knowledge without the fault of the Contractor,
 - (D) Has been lawfully obtained by the contractor without restrictions on disclosure from a source other than a company or the Government, or
 - (E) Is or becomes available to a third party from a company on an unrestricted basis.

(ii) Other limitations set forth in this contract may apply to the use of information and data. The burden of proof as to the applicability of any of the exceptions described in paragraph (b)(5)(i) shall rest on the contractor.

(6) "System" means a combination of two or more interrelated pieces of equipment (or sets) arranged in a functional package to perform an operational function or to satisfy a requirement. A system can include a grouping of hardware, software, and materials to perform a designated function with specified results. A "major subsystem" means a functional grouping of components that combine to perform a key function within an element such as electrical power, attitude control, sensor imaging, and propulsion. "Component" means any sub-part of a system or major subsystem that performs a specific function, but is not capable of executing the primary function of the system or major subsystem independent of other components.

Systems and major subsystems include, but are not limited to, aircraft, missiles, bombs or other weapons, air-breathing engines, liquid and solid propellant rockets, rocket motors, spacecraft, reentry vehicles, satellite mission payloads, solar arrays, and power generating systems. Components include, but are not limited to, electrical harnesses, star trackers, gyroscopes, line replaceable units, linkages, integrated circuits, and bolts.

(c) Except to the extent required in the performance of this contract according to its terms, the Contractor shall not, during the performance of the contract and for a period of three (3) years following completion of performance thereof, engage as a prime contractor (or subcontractor without an approved OCI mitigation plan) in any design, development, or production of aerospace systems or major subsystems of a type normally developed, tested, or evaluated in AEDC facilities, or facilities similar to AEDC facilities. The Contractor also shall not engage in studies or act as a consultant in those regards during the foregoing timeframe. These restrictions do not apply to prime contracts or subcontracts for components

(d) The Contractor may gain access to proprietary information of other companies during contract performance. When the Contractor has access to the proprietary information of other companies, the Contractor must enter into a company-to-company agreement to:

- (1) Protect another company's information from unauthorized use or disclosure; and

(2) To refrain from using the information for any purpose other than that for which it was furnished. The Contractor shall furnish these agreements to the Contracting Officer for review and approval. The Contractor is not permitted to use the proprietary information obtained in performing this contract for any other purpose without the prior approval of the Contracting Officer.

(e) The Contractor shall comply with all restrictions described in FAR 9.505. The Contractor must also thoroughly inculcate in its employees, through formal training in company policies and procedures, an awareness of the philosophy of both this clause and FAR Subpart 9.5. All employees shall be educated in and formally acknowledge the absolute necessity of refraining from divulging proprietary information from other companies received in connection with work under this contract to any unauthorized person.

(f) The Contractor shall require its employees to sign written agreements prohibiting proprietary information disclosure except in accordance with a Government-approved plan. This written agreement shall in substance provide that such employee will not, during their employment by the contractor or thereafter, disclose to others or use for their own behalf, proprietary information from other companies received in connection with the work under this contract. The agreement shall acknowledge the employee is trained regarding handling proprietary information and discuss penalties for violations.

(g) If the Contractor discovers an actual or potential OCI not previously considered and adequately mitigated under this clause and a Government-approved OCI mitigation plan, the contractor shall make a prompt and full disclosure in writing to the Contracting Officer. This disclosure shall include a description of the action the Contractor has taken or proposes to take, or actions recommended to be taken by the Government, in order to avoid, neutralize, or mitigate the conflict.

(h) The contractor shall report any violation or suspected violation of this clause or a Government approved OCI mitigation plan, whether by its own personnel or those of its subcontractors, to the Contracting Officer. This report shall include a description of the violation and the actions the contractor has taken or proposes to take to mitigate and avoid repetition of the violation. The Contractor shall routinely monitor its proposed business development and shall discuss any real or perceived OCI issues with the Contracting Officer and affected AEDC customers to proactively resolve and / or mitigate potential OCI issues. After conducting any necessary discussions, the Contracting Officer and the Contractor shall agree on appropriate corrective action, if any, or the Contracting Officer shall direct such action, subject to the terms of this contract.

(i) OCI violations are a significant contract performance issue. Violations of an OCI mitigation plan or this clause may have consequences such as award fee decrements, contract termination, suspension and debarment, or other appropriate remedies or administrative actions.

(j) The Contractor may propose changes to an approved OCI mitigation plan. Such changes are subject to the mutual agreement of the parties and will become effective only upon incorporation by contract modification or written approval of the revised plan by the Contracting Officer.

(k) The Government shall require proper checks and balances in contract performance and minimization of the potential conflicts of interest between the Test Operations and Sustainment (TOS) and Test Services advisory and assistance services (A&AS) efforts. Therefore, a company cannot be a Contractor on the TOS contract and perform work at AEDC under the Test Services A&AS contract.

(l) For all other AEDC support contracts, the Government realizes the potential exists for actual or perceived OCIs to develop if the same Contractor performs work on both the TOS contract and another AEDC contract. To alleviate these concerns, a Contractor performing work in any role on the TOS contract must have an approved mitigation plan prior to performing any work on any other AEDC contract.

(m) The Contractor shall include paragraphs (a) through (l) of this clause in every subcontract, purchase order, or other agreement. Exceptions must be approved in writing by the Contracting Officer.

(H050) RIGHTS IN INFORMATION AND DATA (AUG 2014)

In paragraph (a) below, the second to last sentence is modified to provide that "Subcontractor shall mark the number of this subcontract and the Prime Contract on all data, computer software, and computer software documentation delivered hereunder."

(a) The contractor shall transfer ownership to the Government of all technical data, computer software, and computer software documentation as defined in DFARS 252.227-7013 and 252.227-7014, and all other data of any description or form, including all sketches, notebooks, designs, drawings, specifications, blueprints, models, negatives, photographs, findings, memoranda, reports, recommendations, automated data processing equipment (ADPE) programs, as well as all copies of the foregoing, created, produced, developed, delivered, furnished, or provided under this contract, unless otherwise identified by the contractor in DFARS 252.227-7017 as being furnished with Government purpose rights, limited rights, or restricted rights under either DFARS 252.227-7013 or DFARS 252.227-7014. Except for technical data, computer software, or computer software documentation identified by the contractor under DFARS 252.227-7017 as being furnished with Government purpose rights, limited rights, or restricted rights, the contractor retains no right, title, or interest in and to such data, computer software, and computer software documentation which becomes the property of the Government. This property shall be delivered by the contractor to the Government upon completion or termination of this contract or when directed by the Contracting Officer. The Government reserves its right to take delivery of this data, computer software, and computer software documentation via Contract Data Requirements Lists (CDRLs) or as deferred delivery at the point the Government chooses. As owner, the Government may use, reproduce, or disclose the data, computer software, and computer software documentation covered by this clause in any way and for any purpose it may desire with the exception that competition sensitive data, marked as such by the contractor and so agreed to by the Government, such as personal data on individuals, payroll records, management methodology, and organizational approaches, shall not be disclosed outside the Government. The contractor shall mark the number of this contract on all data, computer software, and computer software documentation delivered hereunder. Any data, computer software, or computer software documentation belonging to third parties and furnished to the contractor by the Government in performance of this contract shall be treated as property of the Government.

(b) Except as specifically authorized by this contract, or as otherwise approved in writing by the

Contracting Officer, all information and data furnished by the Government to the contractor in the performance of this contract shall be used only in connection with the work under this contract and shall be protected by the contractor from unauthorized use, release, duplication, or disclosure.

- (c) The contractor shall take appropriate measures to assure that its personnel, who have or might reasonably have access to such information and data referred to in paragraph (b) above, agree to honor the contractor's commitment and safeguard such information and data (See Section H Clause H115, Organizational Conflict of Interest (MAY 2014)).
- (d) If the contractor acquires technical or other data, computer software, or computer software documentation necessary for the performance of this contract from any third party through license or otherwise, in addition to providing the Government with rights or title to such data, computer software, and computer software documentation in accordance with subparagraph (a) of this clause, the contractor shall also obtain all rights necessary to allow such rights in data, computer software, and computer software documentation to be assigned to any successor contractor to this contract.
